NATIONAL LIBRARY WEEK

National Library Week, April 7-13, highlights the value of libraries, librarians and library workers. Often the heart of their communities, libraries today are deeply committed to the places where their patrons live, work and study. Whether through offering e-books and technology classes, materials for English-language learners, programs for job seekers or those to support early literacy, librarians listen to the community they serve, and they respond. Stop by Reference and tell us how your library helps your community and you will be entered to win a special gift certificate. Visit the Children's Department to play our mystery character game and scavenger hunt for the chance to win prizes and a raffle basket!
