Please share with us your suggestions for improving the *Annual Report*. When providing feedback, if applicable please indicate the question number each comment/suggestion refers to. Thank you!

I keep getting the following message for questions 12.3 and 12.5: The ratio of Salary & Wages Expenditures to Total Paid Employees is higher/lower than expected. Please check for possible errors or explain why the correct data are out of range using a Federal Note. I have no idea how to comment on this because our numbers are correct and I don't understand what the issue is. Am I higher or lower? What is the range?
