INDEPENDENT AUDITOR'S REPORT

The Board of Trustees and the Director Port Jefferson Free Library 100 Thompson Street Port Jefferson, New York 11777

Opinions

We have audited the accompanying basic financial statements of the governmental activities and each major fund of Port Jefferson Free Library (the "Library") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Port Jefferson Free Library, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Port Jefferson Free Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Port Jefferson Free Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

INDEPENDENT AUDITOR'S REPORT

(Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Port Jefferson Free Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about Port Jefferson Free Library's ability to continue as a going concern for a
 reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of proportionate share of the net pension liability, the schedule of library pension contributions and the schedule of changes in the Library's total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Using This Annual Report

This annual report consists of three parts-management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include information that presents two different views of the Library:

- The first four columns of these financial statements include information on the Library's funds under the modified accrual method. These *Fund Financial Statements* focus on current financial resources and provide a more detailed view about the accountability of the Library's sources and uses of funds.
 - The adjustment column of the financial statements represents adjustments necessary to convert the fund financial statements to the government-wide financial statements under the fullaccrual method.
- The *government-wide financial statement* columns provide both long-term and short-term information about the Library's overall financial status. The statement of net position and the statement of activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances. These statements tell how these services were financed in the short term as well as what remains for future spending.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required* supplementary information that further explains and supports the information in the financial statements.

Condensed Financial Information:

The table below compares key financial information in a condensed format between the current year and the prior year, in thousands of dollars:

	_	June 30, 2023		June 30, 2022	,	Increase (Decrease)
Assets:						
Current assets	\$	9,365	\$	9,438	\$	(73)
Net pension asset		0		576		(576)
Right to use assets		24		36		(12)
Capital assets	-	2,866		2,182	,	684
Total Assets	-	12,255		12,232		23

Net Position - beginning of year	_	5,221	_	4,465	_	756
Net position - End of Year	\$_	5,349	\$_	5,221	\$_	128

The Library As A Whole

- The Library's net assets increased by \$127,137 this year. The primary reason for this increase is detailed within the Statement of Activities on page 12.
- The Library's primary source of revenue is contract services (non-resident fees) and property taxes. Revenue from contract services represented 26 percent of total revenue, and property taxes represented 68 percent of total revenue. In the prior year these revenue items represented 26 percent and 69 percent of total revenue respectively.
- As is typical of service agencies, salaries and benefits are a significant expense of the Library, representing 75 percent of the Library's total expenses. These expenses totaled \$3,557,870 for the year ending June 30, 2023 versus \$2,910,112 for the year ending June 30, 2022.

The Library Funds:

Our analyses of the Library's funds are included in the first three columns of pages 10 through 12 on the respective statements. The fund columns provide detailed information about the most significant funds – not the Library as a whole. The Library Board has the ability to create separate funds to help manage money for specific purposes and to maintain accountability for certain activities. Currently, the Library's funds consist of the General Fund, the Capital Fund, and the Debt Service Fund.

The fund balance of the General Fund decreased during the year from \$8,990,209 to \$8,914,460. This is primarily the result of the budgetary highlights described below. The fund balance of the Capital Fund decreased during the year from \$83,360 to \$22,795. The fund balance of the Debt Service Fund remained the same at \$155,755.

Budgetary Highlights:

The following are explanations for the significant variations between the Library's final budget and the actual results of the General Fund:

- The favorable variance in the budget line for payments in lieu of taxes was \$27,441. This was due to having several more complexes that were built in the Village after the budget had been completed.
- In total, there was a \$193,318 favorable budget variance for operating revenue. The majority of this variance was within the contract services revenue line. The Library budgets this number conservatively since revenues can fluctuate depending upon the number of residents from neighboring un-served library districts who sign up with the Port Jefferson Free Library for service. These neighboring districts can choose from a number of neighboring libraries for service.

Budgetary Highlights: (Continued)

- The favorable variance in the budget line for passport income was due to budgeting conservatively for this income. Passport traffic has continued to increase considerably which resulted in higher income than anticipated.
- The favorable variance in interest income was due to the increase in interest rates. The Library was able to maximize income by purchasing Treasury Bills. It was also able to negotiate higher rates on its savings account by changing its banking relationship.
- The budget line for program revenues had a favorable variance of \$5,250. Post pandemic, the Library was unsure if there would be demand for bus trips, so it budgeted conservatively. There was huge interest and tickets sold out quickly, generating more income than anticipated.
- The budget line for custodial salaries was underspent because the Supervisor in the Custodial Department retired and was replaced by an existing employee at a lower pay rate. Additionally, there was another position that was unfilled for several months during the fiscal year.
- The budget line for post-retirement health was underspent by \$150,000. The Library included this line in their budget as a mechanism to address its long-term retiree medical insurance needs and to accumulate funds to offset future premium increases.
- The budget line for retirement was underspent by \$78,025. This was the result of projecting an amount based on information provided by the New York State Retirement System approximately a year in advance of the billing. The actual amount billed was lower than the original projection.
- The budget line for programs and program supplies was underspent by \$24,822. The Library attributes this to budgeting for social workers for its Helping Hands Program. However, it was able to secure volunteer social workers which saved a significant amount of money.
- The budget line for audio/visual materials was underspent by \$14,582. Although purchasing has resumed since the pandemic, demand for these materials remains lower than expected.
- The unfavorable variance in the budget line library and office supplies is directly related to the favorable variance in the capital outlay budget section. The Library had budgeted for and purchased numerous pieces of furniture and equipment within the capital outlay budget section. However, for financial statement reporting purposes, the items that were less than the Library's \$500 capital limit, were required to be reclassified to the budget line for library and office supplies.
- The budget line for professional fees, dues and payroll taxes was overspent as the Library hired a claims auditor, more tuition reimbursements were made than anticipated and there was an increase in payroll processing costs.

Budgetary Highlights: (Continued)

- The budget line for utilities was underspent by \$26,039. The Library attributes this savings to the new energy efficient roof and the fact that it was a very mild winter.
- The favorable variance in the budget line for equipment rental and repair and the unfavorable variance in the debt service budget section are directly related. Whereas the Library budgeted for payments on its copier lease within the budget line for equipment rental and repair, these payments were required to be reclassified to the debt service budget section for financial reporting purposes.

Capital Assets and Debt Administration:

During the fiscal year the Library purchased \$831,165 of fixed assets (capital outlay). The majority of these expenditures were paid from the Capital Fund and were primarily related to the roof replacement and retaining wall projects. The purchases made from the General Fund were for a wide variety of items such as computer equipment, furniture, fixtures, etc. During the year, the Library discarded \$5,192 of broken and/or obsolete furniture and equipment.

The only long-term debt that the Library has is to its employees for compensated absences, its net pension liability, its lease liability and its obligation for other post-employment benefits. The net pension asset reported in the prior year of \$576,288, reversed and became a net pension liability of \$1,568,427 at June 30, 2023. The liability for compensated absences at June 30, 2023 was \$202,173. This represents an increase of \$8,813 from the previous year. The Library also made principal payments of \$12,112 on its lease liability reducing the debt at June 30, 2023 to \$24,103. The obligation for other post-employment benefits at June 30, 2023 was \$5,144,177. This represents an increase of \$110,760 from the previous year.

Currently Known Conditions:

The Library budget vote for the 2023-2024 fiscal year was approved by the taxpayers. The anticipated tax revenues will be \$3,373,217. This is a 2.00% increase as compared to the 2022-2023 fiscal year budget.

NOTE 1: Summary of Significant Accounting Policies

The accounting policies of Port Jefferson Free Library conform to accounting principles generally accepted in the United States of America as applicable to governmental units. Accordingly, in June 1999, the Governmental Accounting Standards Board issued Statement No. 34, Basic Financial Statements – and Managements Discussion and Analysis – for State and Local Governments. Some of the significant changes in the statement include the following:

- A management's Discussion and Analysis section providing an analysis of the Library's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Library's activities.
- A change in the fund financial statements to focus on the major funds.

The following is a summary of the significant accounting policies:

- A. Reporting Entity: The Port Jefferson Free Library coordinates the raising of its real estate tax revenues with the Port Jefferson Union Free School District #6. The Board of Trustees is responsible for the approval of the annual budget and oversight of the Library management's control and disbursement of funds and maintenance of assets. The Library's management is solely responsible for day-to-day operations.
- B. Management Focus, Basis of Accounting and Financial Statement Presentation:
 The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds).

Government-Wide Financial Statements: The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The effect of interfund governmental activity has been eliminated from the government-wide financial statements.

The Statement of Net Position includes and recognizes all long-term assets and receivables as well as long-term debt and obligations. The Library's net position is reported in three parts- net investment in capital assets; restricted net position; and unrestricted net position.

NOTE 1: Summary of Significant Accounting Policies (Continued)

B. <u>Management Focus, Basis of Accounting and Financial Statement Presentation:</u> (Continued)

Fund Financial Statements: Governmental fund financial statements are reported using the modified accrual basis of accounting prescribed by the Governmental Accounting Standards Board and the State of New York's Department of Audit and Control, Division of Municipal Affairs. Under this method, revenues are recognized in the period in which they become both measurable and available. The Library considers all revenues reported in the governmental funds to be available if the revenues are collected within a reasonable period of time after fiscal year end, except for real property taxes, which are considered to be available if they are collected within sixty days after the end of the fiscal year. Fees and other income items other than interest income are recorded when received in cash. Expenditures are recognized in the period in which the liability is incurred. However, debt service expenditures, if applicable, are recorded only when a payment is due. The Library reports on the following funds:

General Fund: This fund is established to account for resources devoted to the general services that the Library performs for its patrons. General tax revenues and other sources of revenues used to finance the fundamental operation of the Library are included in this fund.

<u>Capital Fund:</u> This fund is used to account for resources devoted to the construction and renovation of the Library.

<u>Debt Service Fund:</u> This fund is used to account for the accumulation of resources for, and the payment of general long-term debt and interest.

- C. <u>Budgetary Accounting:</u> Formal budgetary accounting is employed as a management control of the general fund. Expenditures are compared to actual results in the report.
- **D.** <u>Interfund Transactions:</u> The operations of the Library include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The Library typically loans resources between funds for cash flow purposes. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include transfers to provide financing or other services. This includes the transfer of unrestricted General Fund revenues to finance various expenditures that the Library must account for in other funds in accordance with budgetary authorizations.
- E. <u>Tax Status:</u> The Library qualifies as a tax-exempt organization under Section 501 (c) (3) of the Internal Revenue Code and accordingly there is no provision for income taxes.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Fund Balance Classifications: The Governmental Accounting Standards Board (GASB) issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* that defines the different types of fund balances that a governmental entity must use for financial reporting purposes. They are as follows:

Nonspendable: This includes amounts that cannot be spent because they are either not in spendable form (i.e. inventories, prepaid expenses, etc.) or they are legally or contractually required to be maintained intact.

Restricted: This includes amounts with constraints placed on the use of resources. These constraints can be externally imposed by creditors, grantors, contributors, or imposed by laws and regulations.

<u>Committed:</u> This includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the Library's Board. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned: This includes amounts that are constrained by the Library's intent to be used for specific purposes, but are neither restricted nor committed. The Library Board is not required to impose or remove the constraint. Assignments of fund balance cannot be made if it would result in a negative unassigned fund balance.

<u>Unassigned:</u> This includes the residual classification for the Library's general fund. This classification represents fund balance that has not been assigned to other funds, assigned for specific purposes, restricted, or committed.

- G. Order of Use of Restricted/Unrestricted Net Position and Fund Balance: When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Library's policy is to apply restricted net position first. Expenditures incurred from unrestricted resources are applied to committed fund balance as determined by the Board, then to assigned fund balance, and then to the unassigned fund balance.
- H. <u>Use of Estimates:</u> The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

NOTE 1: **Summary of Significant Accounting Policies (Continued)**

- I. **Investments:** The Library's investment policies are governed by State statutes and its own written investment policy. Permissible investments for the Library include special time deposit accounts, certificates of deposit, obligations of the United States of America and the State of New York.
- J. Right to Use Assets: The Library has recorded right to use lease assets as a result of implementing GASB No. 87. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized over the terms of the related leases and at the same rate as the lease payment schedule.
- K. **Capital Assets:** Capital assets are defined by the Library as assets with an initial cost of \$500 or more and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Library books and materials are not capitalized. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment 5 years Furniture and fixtures 7-10 years Building and improvements 40 years

Leasehold improvements life of lease (5 years)

NOTE 2: Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity of three months or less.

NOTE 3: **Concentration of Credit Risk**

The Library maintains all of its cash balances at one bank. At fiscal year end, the Library's carrying amount of deposits was \$6,349,124 (excludes petty cash and U.S. Treasury Bills) and the bank balance was \$6,416,891. Of the bank balance, \$370,932 was covered by federal depository insurance. The remaining balance of \$6,045,959 was covered by collateral held by the Library's agent.

NOTE 4: Investments

Generally, fair values for investments are determined by reference to quoted market prices for similar investments, yield curves, and other relevant information. There were no changes in valuation techniques in the twelve months ended June 30, 2023. The Library recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels in the twelve months ended June 30, 2023. Fair value measurements for investments reported at fair value on a recurring basis at June 30, 2023 were determined based on:

	,	Quoted Price In Active Markets For Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)]	Total Fair Market Value	
Investment in Treasury Bills: T-bill - maturing 09/14/23 yielding 4.895%	\$	1,952,478	\$	0 5	\$	1,952,478	
T-bill - maturing 12/28/23 yielding 5.445%	_	973,635	. ,	0	•	973,635	
Total Investment in Treasury Bills	\$_	2,926,113	\$	0	\$_	2,926,113	

NOTE 5: Right to Use Leased Assets

The Library has recorded two right to use leased assets. They are for copier and postal equipment. These right to use assets are amortized over the terms of their related leases and at the same rate as the lease payment schedule.

The following is a summary of the right to use asset activity for the year ended June 30, 2023:

		Balance as of 7/1/2022	Increases		Decreases	Balance as of 6/30/2023
Right to use assets:						
Leased copier equipment	\$	34,850	\$ 0	\$	0	\$ 34,850
Leased postage machine		3,049	0		0	3,049
Total right to use assets	-	37,899	 0	,	0	37,899
Less accumulated amortization	-	(1,684)	 (12,112)		0	(13,796)
Right to use assets, net	\$	36,215	\$ (12,112)	\$	0	\$ 24,103

NOTE 6: Capital Assets

A summary of changes in general fixed assets is as follows:

		Balance as of 7/1/2022		Additions		Deletions		Balance as of 6/30/2023
Assets not being depreciated:	•	77172022	•	1 idulions		Detetions	_	0/30/2023
Fine arts	\$	2,070	\$	0	\$	0	\$	2,070
Land		501,146		0		0		501,146
Construction in progress		282,724		62,306		0		345,030
Other capital assets:								
Computer equipment		209,418		19,473		(720)		228,171
Other equipment		381,941		2,550		(2,518)		381,973
Furniture and fixtures		581,793		21,794		(1,954)		601,633

Leasehold improvements		74,555		0		0		74,555
Building and building improvement	s .	3,092,078		722,032		0		3,814,110
Total		5,174,995		831,165		(5,192)		6,000,968
Accumulated depreciation	-	(2,992,688)		(147,969)		5,192	_	(3,135,465)
Net Book Value	\$	2,182,307	\$	683,196	\$_	0	\$_	2,865,503

NOTE 7: Accounts Payable

Accounts payable consisted of unpaid invoices at June 30, 2023.

NOTE 8: Compensated Absences Payable

The Library has an accumulated liability as of June 30, 2023 for unused sick and vacation pay amounting to \$202,173. This represents an increase of \$8,813 from the previous year. The Library expects to pay \$7,720 of this liability within the next twelve months.

NOTE 9: Long Term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2023:

								Non-curre	ent	<u>liabilities</u>
		Balance					Balance	Due within		Due after
		7/1/2022		Increases	_	Reductions	 6/30/2023	 one year		one year
Compensated absences	\$	193,360	\$	8,813	\$	0	\$ 202,173	\$ 7,720	\$	194,453
Net pension liabilty		0		1,568,427		0	1,568,427	0		1,568,427
Lease liability		36,215		0		12,112	24,103	12,404		11,699
Other post-employment										
benefits payable	_	5,033,417		110,760	_	0	 5,144,177	 0		5,144,177
	\$	5,262,992	\$_	1,688,000	\$	12,112	\$ 6,938,880	\$ 20,124	\$_	6,918,756

NOTE 10: Lease Liability

The Library entered into two copier lease agreements. The agreements qualify as other than short-term leases under GASB No. 87 and, therefore, have been recorded at the present value of the future minimum payments as of the date of inception.

The first agreement was executed on May 6, 2021 and requires 16 quarterly payments of \$195. The lease liability is measured at a discount rate of 1.07%, which is the Applicable Federal Rate. As a result of the lease, the Library has recorded a right to use asset with a net book value of \$1,541 at June 30, 2023.

The second agreement was executed on May 24, 2022 and requires 36 monthly payments of \$1,005. The lease liability is measured at a discount rate of 2.48%, which is the Applicable Federal Rate. As a result of the lease, the Library has recorded a right to use asset with a net book value of \$22,562 at June 30, 2023.

The future minimum lease obligations and the present value of these minimum lease payments as of June 30, 2023, are as follows:

Year Ended June 30,		Principal Payments	 Interest Payments	 Total Payments
2024	\$	12,404	\$ 441	\$ 12,845
2025		11,699	141	11,840
2026	_	0	 0	 0
Total	\$	24,103	\$ 582	\$ 24,685

NOTE 11: Retirement Plan

- A. Plan Description and Benefits Provided: The Library participates in the New York State and Local Employees' Retirement System (the System). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November 2022, he was elected for a new term commencing January 1, 2023. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Library also participates in the Public Employees' Group Life Insurance plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. Separately issued financial statements for the System can be accessed on the Comptroller's website.
- **B.** <u>Benefits Provided:</u> The System provides retirement benefits as well as death and disability benefits.

Tiers 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service.

NOTE 11: Retirement Plan (Continued)

B. Benefits Provided: (Continued)

Tiers 1 and 2 (Continued)

Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months. Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 1 members who joined on or after June 17, 1971, each year of final average salary is limited to no more than 20 percent of the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent of the average of the previous two years.

Tiers 3, 4, and 5

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have 5 years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4 and 5 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with 5 or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 3, 4 and 5 members, each year's compensation used in the final average salary calculation is limited to no more than 10 percent greater than the average of the previous two years.

NOTE 11: Retirement Plan (Continued)

B. Benefits Provided: (Continued)

Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tier 6 is 63.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with five or more years of service can retire as early as age 55 with reduced benefits.

Final average salary is the average of the wages earned in the five highest consecutive years of employment. For Tier 6 members, each year's compensation used in the final average salary calculation is limited to no more than 10 percent greater than the average of the previous four years.

Disability Retirement Benefits

Disability retirement benefits are available to System members unable to perform their job duties because of permanent physical or mental incapacity. There are three general types of disability benefits: ordinary, performance of duty, and accidental disability benefits. Eligibility, benefit amounts, and other rules such as any offsets of other benefits depend on a member's tier, years of service, and plan.

Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all retirees who have attained age 62 and have been retired for five years; (ii) all retirees who have attained age 55 and have been retired for 10 years; (iii) all disability retirees, regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement.

NOTE 11: Retirement Plan (Continued)

B. Benefits Provided: (Continued)

Post-Retirement Benefit Increases (Continued)

An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor, but cannot be less than 1 percent or exceed 3 percent.

- Contributions: The System is noncontributory except for employees who joined the System after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3 percent of their salary for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. Contributions for the current year and two preceding years were equal to 100 percent of the contributions required. The required contribution for the current fiscal year was \$215,219, for the 2022 fiscal year it was \$288,173 and for the 2021 fiscal year it was \$258,067.
- **D.** Pension Assets, Pension Expenses, Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions: At June 30, 2023, the Port Jefferson Free Library reported a liability of \$1,568,427 for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2023, and the total pension liability was determined by an actuarial valuation as of that date. The Port Jefferson Free Library's proportion of the net pension liability was based on a projection of the Port Jefferson Free Library's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At June 30, 2023, the Port Jefferson Free Library's proportion was 0.007314 percent, which was an increase of .0002642 percent from its proportion measured at June 30, 2022.

For the year ended June 30, 2023, the Port Jefferson Free Library recognized pension expense of \$532,269.

NOTE 11: Retirement Plan (Continued)

D. <u>Pension Assets, Pension Expenses, Deferred Outflows of Resources and Deferred</u> <u>Inflow of Resources Related to Pensions: (Continued)</u>

At June 30, 2023, the Port Jefferson Free Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflow of Resources	 Deferred Inflow of Resources
Difference between expected and actual experience \$	167,050	\$ 44,047
Changes in assumptions	761,729	8,419
Net difference between projected and actual investment earnings on pension plan investments	. 0	9,214
Changes in proportion and differences between employer contributions and proportionate share of contributions	25,980	57,700
Library's contributions subsequent to the measurement date	64,711	 0
Total \$	1,019,470	\$ 119,380

\$64,711 reported as deferred outflows of resources related to pensions resulting from Port Jefferson Free Library contributions subsequent to the measurement date will be recognized as a reduction of the net pension asset in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	<u> </u>	Amount Recognized
2024	\$	194,438
2025		(97,943)
2026		314,881
2027		424,003
2028		0
Total	\$_	835,379

NOTE 11: Retirement Plan (Continued)

E. <u>Actuarial Assumptions:</u> Actuarial Assumptions: The total pension liability at March 31, 2023 was determined by using an actuarial valuation as of April 1, 2022, with update procedures used to roll forward the total pension liability to March 31, 2023. The actuarial valuation used the following actuarial assumptions:

Inflation	2.90%
Salary increases	4.40%
Investment rate of return (net of investment expense, including inflation	5.90%
Cost of Living Adjustments	1.50%

Annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2021. The previous actuarial valuation as of April 1, 2020 used the same assumptions to measure the total pension liability.

The actuarial assumptions used in the April 1, 2022 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020.

The long term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTE 11: Retirement Plan (Continued)

E. <u>Actuarial Assumptions:</u> (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Domestic equity	32.00%	4.30%
International equity	15.00%	6.85%
Private equity	10.00%	7.50%
Real estate	9.00%	4.60%
Opportunistic portfolio	3.00%	5.38%
Credit	4.00%	5.43%
Real assets	3.00%	5.84%
Fixed income	23.00%	1.50%
Cash	1.00%	0.00%
Total	100.00%	

The real rate of return is net of the long-term inflation assumption of 2.5%

Discount Rate – The discount rate used to measure the total pension liability (asset) was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 11: Retirement Plan (Continued)

E. <u>Actuarial Assumptions:</u> (Continued)

Sensitivity of the Proportionate Share of the Net Pension Liability (Asset) to the Discount Rate Assumption – The following presents the current-period net pension liability (asset) of the Library, calculated using the current-period discount rate assumption of 5.90 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage-point lower (4.90 percent) or 1 percentage-point higher (6.90 percent) than the current assumption:

	1%	Current	1%
	 Decrease (4.90%)	 Assumption (5.90%)	Increase (6.90%)
Library's proportionate share			
of the net pension liability (asset)	\$ 3,790,215	\$ 1,568,427	\$ (288,136)

Pension plan fiduciary net position – The components of the current year net pension liability of the New York State Employees' Retirement System as of March 31, 2023, in thousands of dollars was as follows:

	_	Total
Employers' total pension liability Plan net position	\$ _	232,627,259 (211,183,223)
Employers' net pension liability	\$ =	21,444,036
Ratio of plan net position to the Employers' total pension liability		90.78%

NOTE 12: Post-employment Benefits Other Than Pensions

- The New York State Department of Civil Service (DCS) **A.** Plan Description: administers the New York Health Insurance Program (NYSHIP) which provides health insurance to current and retired employees of New York State, and participating public authorities and local governmental units, such as the Port Jefferson Free Library. NYSHIP offers comprehensive hospital, medical and prescription drug benefits. As administrator of NYSHIP, the DCS performs all administrative tasks and has the authority to establish and amend the benefit provisions offered. Annual benefit premiums charged to and paid by participating local governmental entities are generally the same, regardless of each individual employer's risk profile. The annual benefit premiums collected by DCS are then remitted to the health insurance carriers that comprise NYSHIP. NYSHIP is considered an agent multiple-employer defined benefit plan, it is not a separate entity or trust, and does not issue stand-alone financial statements. The Library, as a participant in the plan, recognizes these postemployment benefits on an accrual basis.
- B. Benefits Provided: Contribution requirements are determined by the Library Board. Currently, for full-time employees hired prior to July 1, 2002, the Library will pay 100% of the amount for a retiree's individual policy premium and 75% of the additional cost of a family policy premium. For full-time employees hired on or after July 1, 2002, the Library will pay that which was provided to the employee at the time of their retirement, as shown below, and 75% of the additional cost of a family policy premium.

Hired prior to July 1, 2014:

Year of Retirement	Library Contribution
2018-2019	88.75%
2019-2020	87.50%
2020-2021	86.25%
2021-2022	85.00%
2022+	83.75%

Hired on or after July 1, 2014, but prior to July 1, 2018:

Year of Retirement	Library Contribution
2018-2019	84.50%
2019-2020	84.00%
2020-2021	83.50%
2021-2022	83.00%
2022+	82.50%

Hired on or after July 1, 2018:

Year of Retirement	Library Contribution			
2018+	82.50%			

NOTE 12: Post-employment Benefits Other Than Pensions (Continued)

B. Benefits Provided: (Continued)

For the year ending June 30, 2023, the Library recognized the cost of providing health insurance by recording its share of retiree insurance premiums of \$143,570 as an expenditure in the General Fund. Port Jefferson Free Library also reimburses retired employees and their spouses the full cost of Medicare deducted from their Social Security benefits, which amounted to \$49,739. The retiree's share of premiums for health insurance is withheld from their monthly NYS retirement pension payment.

As of July 1, 2021, the following employees were covered by the benefit terms:

Active employees	19
Inactive employees entitled to but not yet receiving benefit payments	0
Inactive employees or beneficiaries currently	
receiving benefit payments	13
Total	32

C. <u>Total Other Post-Employment Benefit (OPEB) Liability:</u> The Library's total OPEB liability of \$5,144,177 was updated through June 30, 2023 and was determined by an actuarial valuation as of July 1, 2021.

D. Actuarial Assumptions and Other Inputs:

Inflation Rate	2.00%
Participant Salary Increases	3.50%
Discount Rate	3.65%
2021 Medical Trend Rates (Pre-65/Post-65)	7.00% / 5.00%
2022 Medical Trend Rates (Pre-65/Post-65)	6.50% / 5.00%
Ultimate Medical Trend Rate	5.00%
Year Ultimate Trend Year Reached	2025/2021

The discount rate was based on the *Bond Buyer's 20 Bond Index* as of June 30, 2023.

Mortality rates were based on the Society of Actuaries' RPH-2014 Total Dataset head count-weighted fully generational mortality table with projection scale MP-2021.

NOTE 12: Post-employment Benefits Other Than Pensions (Continued)

Net changes	_	110,760
Balance at June 30, 2023	\$_	5,144,177

Note: For the purpose of calculating this liability, there have been no plan changes. The assumption changes were the updating of the pre-65 healthcare cost trend rates and the mortality improvement scale. The discount rate was 3.54% at June 30, 2022 and was 3.65 % at June 30, 2023.

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.65%) or 1 percentage point higher (4.65%) than the current discount rate:

		1%	Discount	1%
	_	Decrease (2.65%)	Rate (3.65%)	Increase (4.65%)
Total OPEB Liability	\$	5,947,757 \$	5,144,177 \$	4,487,257

NOTE 12: Post-employment Benefits Other Than Pensions (Continued)

E. Changes In The Total OPEB Liability: (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates — The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using a healthcare cost trend rates that are 1 percentage point lower (5.00% decreasing to 4.00%) or 1 percentage point higher (7.00% decreasing to 6.00%) than the current healthcare cost trend rate:

	1% Decrease (5.00% Decreasing		Healthcare Cost Trend Rate (6.00% Decreasing	1% Increase (7.00% Decreasing
		to 4.00%)	to 5.00%)	to 6.00%)_
Total OPEB Liability	\$	4,310,868 \$	5,144,177 \$	6,228,262

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of resources Related to OPEB: For the year ending June 30, 2023, the Library recognized OPEB expense of \$282,726. At June 30, 2023, the Library reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	-	Deferred Outflow of Resources	 Deferred Inflow of Resources
Differences between expected and actual experience Changes in assumptions	\$	474,899 591,898	\$ 560,025 1,101,918
Total	\$_	1,066,797	\$ 1,661,943

NOTE 12: Post-employment Benefits Other Than Pensions (Continued)

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of resources Related to OPEB: (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to other post-employment benefits will be recognized in other post-employment benefits expense as follows:

Year Ending June 30,	Amount Recognized	_
2024	\$ (88,320))
2025	(88,320))
2026	(87,837))
2027	(70,879))
2028	(90,731))
Thereafter	(169,059)	_
Total	\$ (595,146))

NOTE 13: Funds Committed For Specific Purposes

A summary of changes in designated funds for the fiscal year ending June 30, 2023 is as follows:

		Balance as of 7/1/2022		Funds Committed ncommitted)	Funds Received (Expended)	Balance as of 6/30/2023
Funds Committed For:					•	
Computers	\$	23,927	\$	0 \$	(19,473) \$	4,454
Special projects		266,716		0	0	266,716
Budget stabilization fund		840,071		0	0	840,071
Retirement		134,112		0	0	134,112
Building and grounds		170,000		0	0	170,000
Roof repair		85,000		0	(85,000)	0
Compensated absences		107,391		0	(4,940)	102,451
Other post-employment benefits	_	2,507,905		150,000	0	2,657,905
Total	\$_	4,135,122	\$_	150,000 \$	(109,413) \$	4,175,709

NOTE 14: Reconciliation of Fund Financial Statements to Government-Wide Financial Statements

Total Fund Balance - Modified Accrual Basis

Total fund balance and the net change in fund balance of the Library's governmental fund differs from net position and changes in net position of the governmental activities reported in the statement of net position and statement of activities. This difference primarily results from the long-term economic focus of the statement of net position and statement of activities versus the current financial resources focus of the governmental fund balance sheet and statement of revenue, expenditures, and change in fund balance. The following are reconciliations of fund balance to net position and the net change in fund balance to the net change in net position:

\$ 9,093,010

Amounts reported in the statement of net position are different because:	Ψ 2,023,010
• Capital assets are not financial resources, and are not reported in the funds	2,865,503
 Right to use assets are not financial resources, and are not reported in the funds 	24,103
• Deferred outflows on OPEB is not reported in the funds	1,066,797
• Deferred outflows on pension is not reported in the funds	1,019,470
• Compensated absences are included as a liability in the funds	(202,173)
• Net pension liability is not included in the funds	(1,568,427)
 Obligation for post-employment health insurance, to be paid in future periods is not reported in the funds 	(5,144,177)
 Lease liability payments due in future periods are not reported in the funds 	(24,103)
• Deferred inflows on OPEB is not reported in the funds	(1,661,943)
• Deferred inflow on pension is not reported in the funds	(119,380)
Total Net Position - Full Accrual Basis	<u>\$ 5,348,680</u>

NOTE 14: Reconciliation of Fund Financial Statements to Government-Wide Financial Statements (Continued)

Net Change in Fund Balance - Modified Accrual Basis Amounts reported in the statement of activities are different because:	\$ (136,314)
• Capital outlays are reported as expenditures in the statement of revenue, expenditures, and changes in fund balance; in the statement of activities, these costs are allocated over their estimated useful lives as depreciation:	921.165
Capital outlay	831,165
Depreciation expense	(147,969)
Amortization expense	(12,112)
 (Increase)/decrease in the items reported as expenditures in the statements of activities, not in the fund statements: Compensated absences Post-employment health costs Net pension expenses 	(8,813) (103,047) (307,885)
• Repayment of long-term debt is not an expense in the statement of activities, rather a reduction of the liability:	
Principal paid on lease liability	12,112
Change In Net Position - Full Accrual Basis	<u>\$ 127,137</u>
